Product Safety Statement February 2009

Kipp Brothers has been providing value priced toys, novelties, and gift items since 1880. Our decades long relationships with trading partners overseas have provided us access to the best manufacturers. As parents and grandparents, we have always been careful in our selection process to choose items that are safe as well as fun and affordable.

We have been closely monitoring all available Consumer Product Safety legislation to assure our compliance. To the best of our knowledge, available products meet or exceed current CPSIA standards. In the unlikely event that a non-compliant item is discovered, we will act swiftly in cooperation with the CPSC to notify our customers and take any action deemed appropriate by the commission.

Kipp Brothers truly values your business. If, at any time, you have questions or concerns regarding our products, please feel free to contact me directly.

Regards,
